

International Congress of Dermatology 2021
10 - 13 November 2021

Wednesday, 10 November 2021			
Time in AEDT	Koala Channel	Time in AEDT	Kangaroo Channel
19:00	Welcome and Opening Ceremony	19:00	Welcome and Opening Ceremony
			Abstract Oral Presentations Session 2A
19:30	ISD Prize and Lecture Rod Hay	19:30	Abstract Oral Presentations
Symposium CD1: Revloution in Atopic Dermatitis Treatment			
20:00	Atopic dermatitis within dermatology - a historical perspective with implications for the future Prof Johannes Ring		
20:20	Cytokine pathways in atopic dermatitis Prof Emma Guttman		Abstract Mini Oral Presentations Session 2A
20:40	IL31 pathway and eczema Prof Martin Steinhoff	20:20	Abstract Mini - Oral Presentations
21:00	Asian atopic dermatitis Dr Chia Yu Chu		
21:20	Increasing adherence to treatment regimens for atopic dermatitis Prof Charles Ellis		Keynote Speaker Address
21:40	Discussion time	21:30	Dermatology in Africa Prof Ncoza Dlova
	Keynote Speaker Address		Across the Board session 2A
22:00	Revolution in cosmetic treatments Dr Martin Kassir	22:00	History of the ISD Dr Anthony Benedetto
Symposium CD2: Psoriasis - New Discoveries in Genetics and Pathways Lead to New Therapies		22:20	Covid-19 and dermatology Dr Pavel Chernyshov
22:30	The soil vs the seed (genetics vs environment) Prof Johann Gudjonsson	22:40	Climate change Dr Louise Kronborg Andersen
22:50	Psoriasis and pregnancy Dr Jenny Murase	23:00	Australian Content
23:10	Psoriasis in children Dr Nejb Doss		Keynote Speaker Address
23:30	Translating innovation from psoriasis into other skin diseases Prof Jonathan Barker	23:30	HIV - What's new Prof Roy Chan
23:50	Discussion time		
Thursday, 11 November 2021			
Time in AEDT	Koala Channel	Time in AEDT	Kangaroo Channel
	Abstract Oral Presentations Session 1A		Update Talks
0:00	Abstract Oral Presentations	0:00	Paediatric hair loss disorders Dr Brittany Craiglow
		0:20	Hair restoration surgery Dr Dmitri Wall
	Across the Board session 1A		Contact dermatitis Rosmary Nixon
1:00	Lessons from Tanzania Dr Helmut Beltraminelli	0:40	Maria Duran Fellowship Winners
1:20	Nigerian dermatoses Prof Adebola Ogunbiyi		
1:40	Regional dermatology Prof Abdul-Ghani Kibbi		
	Abstract Oral Presentations Session 1B		Pfizer Symposium
2:00	Abstract Oral Presentations	2:00	
Symposium GH3.1: Burden of Sexually Transmitted Disease			Update Talks

3:00	STDs in MSM in the Levant Dr Ismael Maatouk	3:00	Artificial intelligence, machine learning and dermatology: progress to clinic Prof Riichiro Abe
3:20	Resurgence of STDs in Australia Dr Josephine Lusk	Symposium CI1: Laser Resurfacing	
3:40	HSV what's new in treatment Prof Mikhael Skerlev	3:20	Lasers for treatment of scars Prof Keyvan Nouri
4:00	Discussion time	3:40	The advantages and disadvantages of fractional technologies Prof Chris Zachary
Update Talks		4:00	Peri-oral resurfacing or filler necrosis/anatomy Dr Joel Cohen
4:20	The future of gene editing in dermatology Dr Joanna Jackow	4:20	Laser Resurfacing Dr Vineet Mishra
Symposium CD3: Hidradenitis Suppurativa - New Paradigms		4:40	Discussion time
4:40	What's new in pathogenesis of hidradenitis suppurativa Dr John Frew	Symposium CI3: Optimising Fillers	
5:00	Scoring severity in hidradenitis suppurativa Dr Christos Zouboulis	5:00	Treatment planning Dr Jaishree Sharad
5:20	Quality of life in hidradenitis suppurativa Prof Gregor Jemec	5:20	Myomodulation with fillers: different views Dr Koen De Boulle
5:40	Paediatric hidradenitis suppurativa Dr Irene Lara Corrales	5:40	Gender fluidity and fillers Dr Rashmi Shetty
6:00	Surgical management of hidradenitis suppurativa: practical experience Prof Dennis Orgull	6:00	TBC topic Dr Joel Cohen
6:20	Medical management of HS: practical experience Dr John Ingram	6:20	The finishing touch - Superficial filler therapies Dr Jaishree Sharad
6:40	Biological therapies and HS Prof Jacek Szepietowski	6:40	Discussion time
7:00	Discussion time	Abstract Oral Presentations Session 2B	
7:20	Australian Content	7:00	Abstract Oral Presentations
Keynote Speaker Address		Symposium GH1: Global Unmet Needs in Dermatology	
7:50	Where is dermatology headed? Prof John McGrath	7:50	Tropical diseases Prof Sinesio Talhari
8:20	Scientific committee discussing posters A	8:10	Tropical diseases Prof Carolina Talhari
Update Talks		8:30	Leprosy Dr Kiran Godse
8:30	The consultative process in aesthetics Dr Izolda Heydenrych	8:50	Gloderm Dr Claire Fuller
8:50	Update in facial anatomy Dr K M Kapoor	9:10	Scabies Prof Olivier Chosidow
Abstract Oral Presentations Session 1C		9:30	Refugee dermatoses Prof Aldo Morrone
9:10	Abstract Oral Presentations	9:50	Pacific Dermatology Training Centre - Dermatologists volunteer to support regional training programme Dr Margot Whitfeld
Across the Board session 1B		8:10	Volunteering in Uganda Dr Tim O'Brien
8:10	Melanoma Prof Jean Bolognia	8:30	Leishmaniasis Dr Farhad Handjani
8:30	Stepwise Approach in the Management of Melasma Dr Evangeline Handog	8:50	Australian Content
8:50	Paediatric dermatology Dr Nejib Doss	Keynote Speaker Address	
Abstract Mini Oral Presentations Session 1A		9:10	The transformation of dermatology by eHealth Prof Amanda Oakley
9:10	Abstract Mini - Oral Presentations	Across the Board session 2B	
9:40	AbbVie Symposium	9:40	Cosmetic dermatology Dr Mercedes Florez White
10:25	Australian Content	10:00	Cosmetic dermatology Dr Hassan Galadari
Symposium GH2: Indigenous Dermatology Challenges		10:20	Unusual therapies in dermatology Dr Daniel Siegel
		Abstract Oral Presentations Session 2C	

10:40	Cultural aspects of skin diseases in Indigenous Australians Dr Artiene Tatian	10:40	Abstract Oral Presentations
11:00	Skin diseases in remote Western Australia - the joy and jeopardy of the Kimberley region Dr Clare Tait		
11:20	Keloids in African tribes Dr Adebola Obungiyi		
11:40	Endemic pemphigus in reservations Dr Valeria Aoki	Symposium GH3: Tropical Dermatology Unmet Needs and Symposium GH3.2: What's New in Disfiguring Tropical Dermatoses	
12:00	Rural India and dermatoses Prof Sunil Dogra	11:40	Burden of Tropical Diseases worldwide Dr Aisha Sethi
12:20	Discussion time	12:00	Leprosy in Iran Prof Alireza Firooz
Keynote Speaker Address		12:20	Tropical dermatoses in rural Mexico Prof Roberto Arenas
12:40	From genes to patient care Dr Eli Sprecher	12:40	Amazon rainforest & the skin Dr Sinésio Talahari
13:10	Australian Content	13:00	Rural India & infestations Prof Archana Singal
Abstract Mini Oral Presentations Session 1B		13:20	Scabies and the Pacific Islands Dr Margot Whitfeld
13:40	Abstract Mini - Oral Presentations	13:40	Podoconiosis Prof Paul Matts
Global Skin Issues 1		14:00	Discussion time
14:10	Sporotrichosis: disease evolution Dr Regina Schectman	Across the Board session 2C	
14:30	Health economy in India Dr Atul Kocher	14:10	Hair and nails Dr Antonella Tosti
14:50	Skin cancers in organ transplant recipients Dr Alvin Chong	14:30	Lessons from the hair clinic Prof Rodney Sinclair
Across the Board session 1C		Update Talks	
15:50	Mohs micrographic surgery Dr Gaston Galimerti	14:50	Treating pigmentation disorders with lasers in Asia Dr Peter Peng
16:10	Dermatologic Surgery Prof Keyvan Nouri	Abstract Mini Oral Presentations Session 2B	
16:30	Dermatologic Surgery Prof Jorge Ocampo-Candiani	15:50	Abstract Mini - Oral Presentations
Abstract Oral Presentations Session 1D		16:20	Australian Content
16:50	Abstract Oral Presentations	Global Skin Issues 2	
Keynote Speaker Address		16:50	Experience of deep fungal infections and their treatment in resource restricted setting Prof Ramesh Bhat
17:50	Eradication of scabies Prof Andrew Steer	17:10	Targeting melanocytes and melanosomes in skin type IV and V patients Dr Rohit Batra
Symposium GH2.1: Skin Disease Burden In War And Refugees		17:30	Scenario of Leprosy in the epicenter of the disease- The Indian subcontinent Prof P. Narshmha Roa
18:20	Migrant dermatology – my experiences Dr Aldo Morrone	Abstract Oral Presentations Session 2D	
18:40	The impact of conflict on skin disease Dr Farhad Handjani	17:50	Abstract Oral Presentations
19:00	Tropical dermatoses in US forces abroad Dr William James	Abstract Mini Oral Presentations Session 2C	
19:20	Skin signs of torture in refugees Dr Valeska Padovese	18:50	Abstract Mini - Oral Presentations
		Symposium GH2D - Single Cells and the Skin	

Update Talks		19:30	Splitting human skin into single cells Dr Magnus Lynch
19:40	Update in laser therapy Dr Suzanne Kilmer	19:50	Single cells and cutaneous immunity Prof Muzlifah Haniffa
20:00	Rheology Dr Hema Sundaram	20:10	Discussion time
20:20	Pfizer Symposium	Across the Board session 2D	
		20:20	Skin infectious diseases (ectoparasitic diseases and bacterial cellulitis/necrotizing fasciitis) Prof Olivier Chosidow
		20:40	Viral skin infections Prof Xing Hua Gao
		21:00	Deep fungal infections- what's new? Dr Esperanza Welsh
21:20	Australian Content	Symposium CD2.1: Pigmentary Disorders-Science to Clinic and Symposium CD2.2: Depigmentation Disorders From Science To Clinic	
Across the Board session 1D		21:20	Facial pigmentation disorders in Indian women Dr Rashmi Sarkar
21:50	Tinea infestations Dr Shyam Verma	21:40	Stigma of hyperpigmentation in India Dr Rohit Batra
22:10	Nodular Prurigo Prof Jacek Szepietowski	22:00	New treatments for vitiligo Dr Andrew Alexis
22:30	Vitiligo Dr Prasad Kumarasinghe	22:20	Melasma: What's new? What's true? Dr Michelle Rodrigues
22:50	Propaira Symposium	22:40	UV therapy and topicals for vitiligo Dr Pradar Kumarasinghe
		23:00	Surgical treatments for vitiligo Dr Koushik Lahiri
Abstract Mini Oral Presentations Session 1C		23:20	Biologics for vitiligo Dr Ben Daniel
23:35	Abstract Oral Presentations	23:40	Vitiligo and/or skin of color Dr Seemal Desai
Friday, 12 November 2021			
Time in AEDT	Koala Channel	Time in AEDT	Kangaroo Channel
0:00	BIODERMA (NAOS) Symposium	0:00	Pathogenesis of vitiligo Dr Mehdi Rashigi
		0:20	Discussion time
Symposium TD2.3: Complementary Therapies		Abstract Oral Presentations Session 2E	
0:45	Natural remedies for skin disease - overview Prof Alin Tatu	0:45	Abstract Oral Presentations
1:05	Alternative therapies for skin diseases Dr Kenneth Tomecki		
1:25	Marigold therapy Dr Tariq Khan	Across the Board session 2E	
1:45	Scarring alopecia in Africans Prof Ncoza Dlova	1:45	Rosacea controversies Prof Lali Mekokishvili
2:05	Testing natural products in dermatology Dr Verm Verallo Rowell	2:05	HIV dermatology Dr Mojagomo Hendrick Motswaledi
2:25	Off label treatments in dermatology Dr Daniel Siegel	2:25	Updating therapy in pemphigus Prof Dedee Murrell

Abstract Oral Presentations Session 1E		Keynote Speaker Address	
2:45	Abstract Oral Presentations	2:45	Genetics of appearance Prof Ingrid Winship AO
Keynote Speaker Address		Symposium CI2.2: Neurotoxins For Cosmetic And Other Indications	
3:35	Making progress with keloids Dr Chao-Kai Hsu	3:15	Dermatological non cosmetic uses of neurotoxins Dr Nino Benedetto
Across the Board session 1E		3:35	Complications of neurotoxins Prof Greg Goodman
4:05	Dermatophytosis Prof Sudip Das	3:55	Best injection methods - technical aspects and pain relief, Q&A or cases Dr Koen De Bouille
4:25	Lasers Dr Martin Kassir	4:15	Muscular anatomy for botox injections Dr Chris Li
4:45	Light and phototherapy Prof Nellie Konnikov	Symposium-CI2.3: Advances In Diagnostic Technologies	
5:05	Australian Content	4:35	TBC Topic Dr Antonella Tosti
Symposium CD3.3: Burden Of Lupus In Special Populations		4:55	TBC Topic Prof Pascale Guitera
5:35	Pathogenesis of lupus Dr Vicky Werth	5:15	Precision Prevention of Melanoma Prof Peter Soyer
5:55	Vitamin D and Cutaneous Lupus Dr Paul Jarrett	Keynote Speaker Address	
6:15	Lupus in women Dr Branka Marinovic	5:35	Psoriasis during the pandemic Dr Satveer Mahil
6:35	Lupus in Africans Dr Anisa Mosam	Abstract Oral Presentations Session 2F	
6:55	What's new in lupus management Dr Katerina Patsatsi	6:05	Abstract Oral Presentations
7:15	Alopecias in lupus Dr Antonella Tosti	Symposium TD2.1: From Lab To Clinic: Serendipity And Mechanism-Based Therapies	
7:35	Discussion time	6:55	Beta-blockers for capillary haemangiomas Prof Alain Taieb
Abstract Oral Presentations Session 1F		7:15	Mutation and pathway-based therapies for mosaic conditions Prof Veronica Kinsler
7:55	Abstract Oral Presentations	7:35	Progress in gene therapy for epidermolysis bullosa Dr Su Lwin
Symposium TDXX: Inflammatory Cells and the Skin: Favourite Cells		7:55	Taking regenerative medicine from bench to bedside Prof Katsuto Tamai
8:45	Macrophages Dr Kurt Lu	8:15	Targeting inflammation in inherited skin diseases Prof John McGrath
9:05	T lymphocytes Dr Tiago Matos	8:35	Discussion time
9:25	B lymphocytes Prof Sophia Karagiannis	Keynote Speaker Address	
9:45	Discussion time	8:45	Dermatological emergencies Prof Olivier Chosidow
Global Health: Regional Issues Symposium		The Women's Dermatologic Society and Best of the International Journal of Women's Dermatology" Session	
10:05	Managing severe cutaneous adverse reactions (SCARs) Prof Olivier Chosidow	9:15	Initiatives within the Women's Dermatologic Society Dr Erin Gilbert
10:25	Quality and accreditation in dermatology services in India- A step forward for 13000 dermatologists Dr Atul Mohan Kochar	9:25	History and Mission of Women's Dermatologic Society Dr Wilma Bergfeld
		9:35	History of the International Journal of Women's Dermatology Dr Dedee Murrell
		9:45	Culture of inclusion within the IJWD Dr Jenny Murase
		9:55	Ethics and piece of my mind within the IJWD Dr Jane Grant-Kels
		10:05	Women's health highlights Dr George Krompouzou
		10:15	Patient page Dr Anna Cogen
		10:25	Art of prevention series Dr Valerie Callender
		10:35	Special issues within the IJWD Dr Mary Williams

10:45	Practical guide to Non cosmetic indications of laser hair removal Dr Anurag Tiwari	10:45	Mentorship within the WDS Dr Susan Taylor
11:05	Cutaneous tuberculosis-Current perspectives on the Indian subcontinent Prof Archana Singal	10:55	Mentorship within IJWD Dr Shari Lipner
11:25	Role of Dermatologists in Screening for Psoriatic arthritis Dr Abir Saraswat	11:05	IJWD in the media and future initiatives in the WDS Dr Mona Gohara
11:45	Australian Content	Symposium GH2.3: Burdens & Solutions in The Middle East & Africa	
Abstract Mini Oral Presentations Session 1D		11:25	Unmet needs in dermatology in Iran Prof Alireza Firooz
12:15	Abstract Mini - Oral Presentations	11:45	Unmet needs in dermatology in the Maghreb Dr Nejjib Doss
Abstract Oral Presentations Session 1G		12:05	Unmet needs in dermatology in the Levant Prof Abdul-Ghani Kibbi
12:40	Abstract Oral Presentations	12:25	Discussion time
Update Talks		12:40	GenesisCare Symposium
13:40	Gender equity issues in clinical dermatology Prof Eleni Linos	Symposium CD3.1: Genodermatoses from my Clinic / Lab	
14:00	Gender disparities in academic dermatology in Japan Prof Akemi Ishida-Yamamoto	13:40	Genodermatoses in Kuwait Dr Arti Nanda
14:20	Dermatology training and skin of colour Dr Jules Lipoff	14:00	Genodermatoses in Mexico Dr Julio Salas Alanis
Keynote Speaker Address		14:20	Genodermatoses (global) Prof Jouni Uitto
14:40	What's hot in adolescent dermatology Dr Paula Luna	14:40	Discussion time
Symposium CD2.2: Skin Disease Eradication - What Went Wrong		15:00	Australian Content
15:10	Dermatophytosis (tinea) Dr Shyam Verma	Update Talks	
15:30	Scabies Prof Andrew Steer	15:30	Emerging treatments for inflammatory dermatoses Dr Emma Guttman
15:50	Leprosy Dr Claire Fuller	15:50	What dermatologists need to know about keratinocyte stem cells Dr Emi Nishimura
16:10	HIV Dr Ncoza Dlova	16:10	Covid-19 and health-care workers Prof Jianzhong Zhang
Keynote Speaker Address		Abstract Oral Presentations Session 2G	
16:30	Refugee dermatoses Dr Aldo Morrone	16:30	Abstract Oral Presentations
Across the Board session 1F		Symposium GH3.3: Health Economic Challenges in Dermatology Around the World	
17:00	Pigmentary disorders Prof Rashni Sarkar	17:20	Health economic challenges in dermatology in your Region / Country Prof Ncoza Dlova
17:20	Fascinating global cases Prof Robert Schwartz	17:40	Health economic challenges in dermatology in your Region / Country Dr Claire Fuller
17:40	Demodex in 2021 Prof Alin Tatu	18:00	Health economic challenges in dermatology in your Region / Country Dr Daniel Siegel
Symposium CI3.2: Peels For Pigmentation and Rejuvenation		18:20	Health economic challenges in dermatology in your Region / Country Prof Rodney Sinclair
18:00	What are peels aiming to do and how do they work Dr Marina Landau	18:40	Health economic challenges in dermatology in your Region / Country Dr Helmut Beltraminelli
18:20	What are peels aiming to do and how do they work Dr Phil Artemi	19:00	Management of challenging cases of psoriasis in underdeveloped countries Dr Omid Zagari
18:40	Medium chemical peeling Dr Gary Monheit		
19:00	Deeper chemical peels Dr Marina Landau		

19:20	What is emerging with chemical peels new agents new ideas Dr Mercedes Florez-White	19:20	Discussion time
Update Talks		Keynote Speaker Address	
19:40	What's hot in pediatric dermatology Dr Antonio Torrel	19:40	The epidemic of fungal infections Dr Shyam Verma
20:00	What's new in acne pathogenesis and treatment Dr Gabriella Fabroccini	Abstract Oral Presentations Session 2H	
20:20	What's new in therapy for nail diseases Dr Adam Rubin	20:10	Abstract Oral Presentations
20:40	Australian Content		
Abstract Oral Presentations Session 1H		Symposium CI3.3: Fat And Hair - Liposuction and Transplantation and Stem Cells	
21:00	Abstract Oral Presentations	21:00	Basics of liposuction and fat retrieval Dr Michael Rich
		21:20	Fat and hair derived stem cells Prof Rodney Sinclair
		21:40	The role of PRP in hair loss - How is this working? Dr Jerry Shapiro
Symposium CD3.2: Burden of Autoimmune Blistering Diseases		Pipelines in Drug Development - Medical Dermatology and Symposium TD3.2: The Use Of Light; LLL/PDT	
22:00	Rituximab for pemphigus Prof Pascal Joly	22:00	Alopecia Prof Rodney Sinclair
22:20	Biosimilar Rituximab experience Prof Maryam Daneshpazhoo	22:20	Covid-19 and dermatology Dr Pavel Chernyshov
22:40	Biologics for Pemphigoid Dr Katerina Patsatsi	22:40	Pemphigus and BTKis Prof Steve Gourlay
23:00	MMP - What's New in mucous membrane pemphigoid Prof Frederic Caux	23:00	Hidradenitis suppurativa Dr John Frew
23:20	EBA - What's New Dr Detlef Zillikens	23:20	Photobiomodulation for wound healing Dr Noosha Kazemi-Khoo
23:40	Rilzabrutinib for pemphigus Prof Dedee Murrell	23:40	Discussion time
Saturday, 13 November 2021			
Time in AEDT	Koala Channel	Time in AEDT	Kangaroo Channel
0:00	FcRN blockers for pemphigus Dr Donna Culton	0:00	Australian Content
0:20	Discussion time	Update Talks	
0:30	GenesisCare Symposium	0:30	Behcet's disease Dr Asli Bilgic
		0:50	What's new in skin barrier Prof Michael Cork
		1:10	Management of acne scarring Dr Brunilda Bardhi
Symposium CD3.4: Itch Burden and Novel Therapies		Abstract Mini Oral Presentations Session 2D	
1:30	Itchy dermatoses Prof Jacek Szepietowski	1:30	Abstract Mini - Oral Presentations
1:50	From itch mediator to novel therapies Prof Martin Steinhoff		
2:10	Managing undefined pruritus Dr Gil Yosipovitch	2:05	OncoBeta GmbH Town Hall
2:30	Morgellon's disease Dr Alan Fleisher	2:15	Australian Content
2:40	GLODERM	2:30	Scientific committee discussing posters B
		Phlebology/Veins	
3:40	Australian Content	3:00	TBC Topic Dr Adrian Lim
		3:20	TBC Topic Dr Stef Roberts
		3:40	Art of Sclerotherapy Dr Vineet Mishra

4:00	LEO Pharma Town Hall	4:00	Discussion time
Abstract Mini Oral Presentations Session 1E			
4:10	Abstract Mini - Oral Presentations	4:10	Australian Content
Symposium CI3.4: Lifting, Nipping and Tucking, Tightening and Threading		Symposium CI2.1: Fractional Devices	
4:30	A dermatologists approach to face lifting Dr Ron Moy	4:30	Fractional peeling Cross, combining peels with fractional equipment Dr Marina Landau
4:50	What do we have to do to lift tissues non surgically Dr Nino Benedetto	4:50	A mix and match of microneedling with other modalities for the treatment of Acne scars Dr Jaishree Sharad
5:10	The importance of fat compartments of the face in aging and aesthetics Dr Damien Marucci	5:10	The emerging roles of fractional resurfacing - burns and drug delivery Dr Peter Shumaker
5:30	Discussion time	5:30	The concepts and the spectrum of non laser fractional technologies Dr Tina Alster
Update Talks			
5:50	Social media in dermatology: 2021 and beyond Dr Harry Dao	5:50	Fractional energy based non laser devices Dr Ofir Artzi
6:10	Complications of injectable agents Dr Vandana Chatrath	6:10	Discussion time
6:30	Closing Ceremony	6:30	Closing Ceremony
